Past CPSC Commissioner
Troutman Sanders
- ✓ **Randall Goodden**
President
Randall Goodden International

Product safety continues to be a major focus area not only in the U.S., but throughout the world. New regulatory requirements are being initiated every year. Product liability lawsuits are bankrupting numerous U.S. corporations, and the rising tide of product recalls are financially devastating others. All of this requires the corporate management team to pursue 'continuing education' to help keep their companies above water. Our Conferences are ranked as #1 by attendees.

We bring you the leading Defense Attorneys from across the country as well as experts from a wide array of professional fields to provide you with the knowledge and education you won't find anywhere else. Many of our attendees have been coming to our Conferences every year and continuously learning new ideas to help their companies succeed.

This event is highly recommended for the Corporate Executive Team and the heads of Quality, Product Safety, Engineering, Risk Management, Reliability, & In-house Legal, as well as Insurance Representatives, Importers, Government Agencies, Defense Attorneys and others interested in the topics.

The Conference will be held at the Milwaukee Downtown Marriott at 323 E Wisconsin Ave, Milwaukee WI, less than 10 miles from the Milwaukee International Airport.

You don't have to be a member of the IPSLP Association to attend one of our events, and membership is free. We have over 900 members from over 30 countries around the world.

The Brochure for this Conference will be available shortly.

We offer discounts for Government Agencies or 3 or more attendees from the same company, so bring other key members of your management team. Contact us for group discounts. The brochure with the agenda will be out shortly.

We look forward to seeing you in Milwaukee!
